FAST BALL NEWS (Cont.)

ELKS ANNOUNCE TRAP SHOOT.

Drayton Valley Gun and Rifle Club, under the auspices of the local Elks Lodge, announced recently that regular Trap Shoots will be held at their range on the John MacKenzie farm.

The shoots will be held every Sunday evening, starting promptly at 7:30.

Small Bore ranges are being installed and will soon be in operation. The various shoots that have been held in Drayton Valley in the past have all been very well attended.

FASTBALL NEWS.

By: Gene Balay.

After another week in which the weather took over, regular play resumed and a couple of rained-out games were played this week. To bring the results up-to-date, on July 2, Pan Am showed that they were still in the running by defeating a Buck Creek team 11-5. The following day one of the best games of the season was played which saw only fifteen men reach base for both sides. Supply emerged victorious by a score of 4-3 over Violet Grove.

On Monday of this week a double-header was played in Drayton Valley between Pan Am and Violet Grove. Both of these games had been rained out previously. In the first, a five-inning tilt, Pan Amson when Lyle Garbo hit a home-run with two aboard in the last half of the fourth to put the game virtually out of reach. Pan Am won, 6-1.

The second game opened up strong with Pan Am scoring five runs in the top half of the first inning and Violet Grove coming back just as strong to tie it up in their half of the inning. From there on, the Pan Am hurler, Al Krebs, kept Violet Grove scoreless. Pan Am winning that one on two consecutive home-runs by Orlie Mandryk, one a grand-slam and the other with two aboard. The final score was 10-5.

The other game, played at Buck Creek, saw Supply defeat Buck Creek by a score of 10-2. On Tuesday, a rarity occurred when Mary Jones pitched a no-hit, no-run game for Mobil Oil as they romped to a very easy and convincing win over the hapless Violet Grove crew to the

tune of an astounding 30-0 score. (Shades of the old basketball count!)

The final game to be reported this week saw Supply come from behind a 5-1 deficit to score at will in the sixth inning as they racked up 19 runs. The game went a full seven innings as the teams played until 9:15 p.m. The final outcome was 27-12 in favor of Supply. Here are the standings up to and including the games of July 9:

	W.	L.	Pct.
Mobil Oil	7	3	.700
Buck Creek	6	3	.667
Esquimaux	5	3	.625
Supply	4	5	.444
Pan Am	4	6	.400
Violet Grove	1	7	.125

Just a reminder to all club managers, that they must have their list of eligible players turned in to the League executive before 6:00 p.m. July 21.

Any names of players not appearing on this list will not be eligible for play-offs. So hurry and get your players named. No name may appear on the roster of two different clubs, and they must play in at least one game prior to play-offs.

EASYFORD NEWS.

By: Inez Oscar.

A successful community picnic was held at the Easyford Sports grounds on Sunday, July 6, despite a chilly wind. The highlight of the day was a baseball game between the married men and the singles. The married men won a decided win for the marrieds. Visitors from Edmonton were Mr. and Mrs. Paul Lucas of Edmonton, guests of Mrs. John Henkel.

Recent visitors to the district were old timers Mr. and Mrs. Raymond Shears and Mr. and Mrs. Arnold Watson of Fort Saskatchewan. The Shears and Watsons were among the first settlers in this area.

Kenny Andrew, of Sifton, Manitoba, is spending the summer with the Oscar family and working in Drayton Valley. The Andrew family moved from here to Sifton in 1956. He understands the Sifton area is plagued with drought and grass-hoppers this year.

KEN MASON'S COLUMN.

The new national hospital insurance plan went into effect in Alberta on July 1, but for most residents of the province there was no noticeable difference.

Under the program, the province will receive approximately \$1,000,000 a month from the federal government toward operating costs of the hospital treatment scheme.

The plan differs in only one respect from the new program introduced by the provincial government on April 1— all residents of the province are automatically covered, no matter how long they have lived here. Before the federal contributions started, a year's residence was required before coverage was given.

Hospital patients will continue to pay \$1.50 to \$2.00 a day for treatment and for certain extras. The rate depends on the size and classification of the hospital.

Health Minister Dr. J. Donovan Ross signed the hospital insurance agreement with the federal government a few days before the plan went into effect.

Signing of the agreement was delayed by Ottawa's refusal to concede two points which would have meant more money to Alberta.

One involved the \$1.50 and \$2.00 daily co-insurance fee, which is expected to contribute around \$3,600,000 towards the cost of the plan this year. Alberta felt this amount should be considered a part of the overall cost of operating the plan, and that Ottawa should regard it as such in computing its share. It would have meant around \$1,000,000 more for Alberta this year.

In other provinces where the plan has been introduced, residents are compelled to buy insurance contracts and pay premiums and their contribution is figured into the overall cost. Dr. Ross points out that the advantage of the Alberta plan is that the citizen doesn't pay a cent until he needs hospital service, but the penalty which goes along with the advantage is losing out on some federal aid.

Alberta also argued that capital costs are part of the overall cost of providing a hospital treatment, but federal officials wouldn't play ball.

For the time being, this leaves municipalities responsible for capital costs of hospitals over and above the grants already available from federal and provincial governments.

However, relief may be in sight for municipal governments contemplating hospital construction. The Alberta Hospitalization Act permits the government to contribute toward capital costs.

There's a good chance that the province will begin capital grants next year, in amounts equal to what the municipalities

(continued next column)

Ken Mason's Column (continued)

now contribute toward operating costs of the hospital insurance plan.

Municipal finance is far from dead, as a hot issue in Alberta, and the government will be hearing more about it, especially if next year is an election year.

The latest development is that a number of municipalities are having trouble selling their debentures on the open market. In some cases, the government has stepped in and granted capital loans. One of the biggest was \$240,000 in debentures from the town of Jasper Place.

The government is charging the municipalities six per cent— the same as they would pay on the money market.

All this naturally raises questions about the abrupt suspension earlier this year of the Municipal Finance Corporation. At the time it was suspended the government said it was not needed because municipalities would have not trouble obtaining money for capital works on the open market.

The reason for forming the MFC in the first place was to borrow on behalf of municipalities. With the government guaranteeing principal and interest, it was believed MFC would get reduced interest rates.

Opposition parties are bound to pounce on the current municipal difficulties as a major issue, continuing the controversy over municipal finance which has raged for several years.

JEHOVAH'S WITNESSES CONVENE
(continued from last week)

Mr. Ralph Wikander, presiding minister of the local group, said the convention could well be the largest in the history of Jehovah's Witnesses. It is scheduled for July 27 through August 3 and will be held in Yankee Stadium and the Polo Grounds simultaneously.

The last international convention, attended by many Pembina area Witnesses, was held in 1953 in Yankee Stadium and reached a peak attendance of 165,000 including the overflow audiences. Watchtower officials, Mr. Wikander said, have arranged this year for the program to be held in both places, with most programs repeated at the Polo Grounds immediately following the first presentation in Yankee Stadium.

The WATCHTOWER Bible & Tract Society governing agency for Jehovah's Witnesses has been making special travel arrangements for foreign delegates. Many missionaries who have served in other lands will also be brought to the United States for the Bible convention.

JEHOVAH'S WITNESSES CONVENE (cont.)

Purpose of the gathering is to provide stimulus for the New World society of Jehovah's Witnesses in Christian Association, Bible instruction and ministerial training. This, Mr. Wikander said, is in accordance with provisions made for God's people in Bible days.

Mr. Wikander stated that it is not yet known how many Witnesses from the area will attend, but, he added, special travel arrangements are by made by bus, plane, train, etc. He said further it may be necessary to make limited meeting arrangements or cancel local meetings altogether during convention time.

FINAL MEETING OF OIL WIVES ASSOCIATION OF DRAYTON VALLEY.

The Oil Wives Association of Drayton Valley held its June meeting on June 30 in the Gardium Room of the Drayton Valley Hotel Cafe.

After a fine meal, a movie was shown of the Next-town shop, being operated in Regina by members of Oil Wives for the purpose of providing a home and care for orphaned children within the industry. Scott McDonald was kind enough to bring his equipment and come to the meeting to show the movie. Mollie McDonald handled the narration very capably.

The Association's business meeting was very brief. The minutes of the previous meeting were read, and Jean Christensen read the report of Treasurer Gerry Dunderson, who was not present at the meeting.

Mrs. Danita Boling reported on the activities of her Program Committee going on record as thanking a number of members and husbands of members, as well as friends in the community, for their help in making the Association's first Dance, the Cotton Ball held June 20, a great success it was. She also mentioned that the next social event planned will be a Harvest Moon Dance - a box supper affair to be held in September.

Since this was the last meeting until September, no program was planned, and members visited, played bridge or other card games, or gathered around Peggy Arkenstall at the piano for a community sing. In all, it was very pleasant.

OIL LAND SALE NETS 3 MILLION

The Alberta Government Land Lease sale held on Tuesday, July 22, brought in the largest total revenue into the government coffers of any sale in recent times insofar as the Pembina field is concerned.

Bidding was lively for all sections of the field where parcels were put up for lease, and particularly good in the section west of Drayton Valley, south of Easyford.

Almost 3 million were realized from the Pembina field sales; a total of \$2,984,387, being taken as follows:

Biggest single price of the sale was the \$410,540 paid by Canada Cities Service Petroleum Corporation for rights to a section of 640 acres near their present holdings. Cities Service was also the largest total purchaser of the field; spending \$468,210, on 1230 acres a total of a little over \$365 per acre.

Here is the way the bidding added up:

All 2-50-10W5. Mountain Park Oil \$66,000.
SE 6-50-10W5. Canadian Keweenaw \$67,000.

A total of about 30 rigs are at work in the field at present. Most of these are currently working in the Lodgepole and Cynthia areas.

The 1120 acres offered in the Keystone field across the Saskatchewan River, south-east of Drayton Valley, also a Gadium Sand deposit, brought a very good price per acre, with Northern Natural Gas Producing Co. paying a total of \$436,418 for the four parcels.

PEMBINA PIPE LINES MAY BUILD GAS PIPE LINE TO COAST.

According to a report in Petroleum Week, a magazine for the oil industry, the movement of natural gas liquids from Western Canada to the Pacific Coast has been proposed by Foothills Products Pipe Line, Ltd., a new company which is under the sponsorship of Pembina Pipe Line Ltd.

The Foothills operation is a proposed \$80-million line to make liquid byproducts from present and future Alberta gas fields available to the West Coast and world markets.

HOSPITAL TO HAVE OFFICIAL OPENING, AUGUST 6.

Final finishing touches are being applied to the Drayton Valley Municipal Hospital in readiness for the official opening which is planned for August 6.

The rooms are being equipped with furniture and equipment is being set up. Part of the nursing and other members of the staff are now at the hospital. A full nursing staff has been engaged and will be here for the opening.

On Saturday, July 26, the fine new Rex's Radio & T.V. will be officially opened in Drayton Valley.
